

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Marcus
DOCKET NO.: 18-20869.001-R-1
PARCEL NO.: 05-20-119-029-0000

The parties of record before the Property Tax Appeal Board are Nancy Marcus, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,531
IMPR.: \$74,942
TOTAL: \$92,473

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry construction with 3,867 square feet of living area. The dwelling is approximately 67 years old. Features of the property include a full unfinished basement, one fireplace, and a two-car garage. The property has a 14,025 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with 1-story or 1.5-story class 2-04 dwellings of masonry or frame and masonry construction that range in size from 2,378 to 2,760 square feet of living area. The dwellings range in age from 60 to 65 years old. Two comparables have central air conditioning

and two fireplaces. Each comparable has a basement with two having finished area, and a one-car or two-car garage. These properties have improvement assessments ranging from \$39,879 to \$41,629 or from \$14.91 to \$17.51 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$62,723.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,473. The subject property has an improvement assessment of \$74,942 or \$19.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with either a 1-story or 1.5-story class 2-04 single family dwelling of frame, masonry, or frame and masonry construction ranging in size from 3,280 to 4,027 square feet of living area. The dwellings are either 55 or 62 years old. Three comparables have partial basements with two having finished area. Each comparable has central air conditioning, one or two fireplaces and a two-car garage. These properties have improvement assessments ranging from \$64,488 to \$99,726 or from \$19.66 to \$25.97 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be board of review comparables as these properties are improved with dwellings most similar to the subject dwelling in size. These comparables have improvement assessments that range from \$64,488 to \$99,726 or from \$19.66 to \$25.97 per square foot of living area. The subject's improvement assessment of \$74,942 or \$19.38 per square foot of living area falls within the range on an overall basis but below the range on a square foot basis as established by the best comparables in this record. Less weight is given the appellant's comparables due to the fact these homes are not as similar to the subject dwelling in size as are the board of review comparables. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
