

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Gillespie
DOCKET NO.: 18-20902.001-R-1
PARCEL NO.: 05-33-201-027-0000

The parties of record before the Property Tax Appeal Board are Thomas Gillespie, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,578
IMPR.: \$50,958
TOTAL: \$68,536

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 2,753 square feet of living area. The dwelling is approximately 92 years old. Features of the home include a full unfinished basement, two fireplaces and a two-car garage. The property has a 10,340 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry or frame and masonry exterior construction that range in size from 2,237 to 2,648 square feet of living area and range in age from 75 to 125 years

old. One comparable has central air conditioning. Each comparable has a fireplace and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$39,681 to \$42,506 or from \$16.05 to \$17.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$47,159 or \$17.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,536. The subject has an improvement assessment of \$50,958 or \$18.51 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame, masonry, or stucco exterior construction that range in size from 2,379 to 2,980 square feet of living area and range in age from 94 to 100 years old. Three comparables have full unfinished basements and one comparable has a partial basement with a recreation room. Three comparables have central air conditioning. Three comparables each have one fireplace. Three comparables have one-car or two-car garages. The comparables have improvement assessments ranging from \$45,216 to \$62,037 or from \$19.01 to \$23.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #2 and #3 due to their dissimilar ages when compared to the subject. The Board also gave less weight to board of review comparable #1 which is a one-story dwelling in contrast to the subject's 1.5-story dwelling.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size and some features. These comparables have improvement assessments ranging from \$42,506 to \$62,037 or from \$16.05 to \$22.60 per square foot of living area. The subject has an improvement assessment of \$50,958 or \$18.51 per square foot of living area, which is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
