

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Segal
DOCKET NO.: 18-20926.001-R-1
PARCEL NO.: 05-06-404-031-0000

The parties of record before the Property Tax Appeal Board are Chris Segal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,381
IMPR.: \$165,048
TOTAL: \$234,429

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 7,001 square feet of living area. The dwelling is approximately 91 years old. Features of the home include a full unfinished basement, three fireplaces and a two-car garage. The property has a 31,537 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparables, none of which are located within the subject's assessment neighborhood code. The comparables are improved with class 2-09 dwellings of masonry or frame and masonry exterior construction that range in size from 6,504 to 7,362 square feet of living area and range in age from 71 to 120

years old. The comparables have partial or full basements, two of which have recreation rooms. Other features include central air conditioning, two to seven fireplaces, and two-car to four-car garages. The comparables have improvement assessments ranging from \$125,173 to \$152,502 or from \$18.42 to \$21.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$141,770 or \$20.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,429. The subject has an improvement assessment of \$165,048 or \$23.57 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. Comparable #4 is located on the same block as the subject. The comparables are improved with class 2-09 two-story dwellings of masonry, stucco, frame, or frame and masonry exterior construction that range in size from 6,552 to 8,712 square feet of living area and range in age from 48 to 94 years old. The comparables have partial or full basements with one having a recreation room. Other features of each comparable include central air conditioning, two to four fireplaces, and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$165,393 to \$233,636 or from \$25.24 to \$27.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 13 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables which are located outside of the subject's assessment neighborhood code. The Board gave less weight to board of review comparables #1 and #3 due to their differences in dwelling size and/or age when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which are relatively similar to the subject in location, age, dwelling size and some features except both have central air conditioning unlike the subject. These comparables have improvement assessments of \$207,548 and \$165,393 or for \$26.16 and \$25.24 per square foot of living area. The subject has an improvement assessment of \$165,048 or \$23.57 per square foot of living area, which is below the improvement assessments of the two best comparables both on overall and per square foot bases. Nevertheless, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
