

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Skirving
DOCKET NO.: 18-20930.001-R-1
PARCEL NO.: 05-20-204-004-0000

The parties of record before the Property Tax Appeal Board are Gregory Skirving, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,625
IMPR.: \$57,157
TOTAL: \$71,782

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,332 square feet of living area. The dwelling is approximately 103 years old. Features of the home include a full unfinished basement, a fireplace, and a two-car garage. The property has a 7,500 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of stucco, frame, or frame and masonry exterior construction that range in size from 2,249 to 2,716 square feet of living area and range in age from 85 to 118

years old. The comparables have partial or full basements with four having recreation rooms. Five comparables have central air conditioning. Six comparables each have one or two fireplaces. Five comparables each have a 1-car, a 2-car, or a 2.5-car garage. The comparables have improvement assessments ranging from \$49,152 to \$59,687 or from \$19.95 to \$21.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$49,788 or \$21.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,782. The subject has an improvement assessment of \$57,157 or \$24.51 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, one of which is located within the same assessment neighborhood code as the subject and all are located within a .25 mile from the subject. The comparables are improved with two-story, class 2-06 or class 2-05 dwellings of stucco or frame exterior construction that range in size from 2,050 to 2,280 square feet of living area and range in age from 100 to 109 years old. The comparables have full unfinished basements. One comparable has central air conditioning. Each comparable has one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$54,118 to \$86,918 or from \$26.22 to \$38.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 11 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 through #7 and board of review comparable #4 which have basement recreation rooms, central air conditioning, and/or lack garages unlike the subject. The Board gave less weight to the board of review comparable #1 which appears to be an outlier as its improvement assessment and improvement assessment per square foot is significantly higher than the other comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with board of review comparables #2 and #3 which overall are most similar to the subject in age, dwelling size and most features. These comparables have improvement assessments ranging from \$51,541 to \$61,401 or from \$19.95 to \$27.99 per square foot of living area. The subject has an improvement assessment of \$57,157 or \$24.51 per square foot of living area which falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board

finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
