

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Russel Miron
DOCKET NO.: 18-20931.001-R-1
PARCEL NO.: 04-01-410-020-0000

The parties of record before the Property Tax Appeal Board are Russel Miron, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,974
IMPR.: \$77,754
TOTAL: \$94,728

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,035 square feet of living area. The dwelling is approximately 88 years old. Features of the home include a partial unfinished basement, central air conditioning, four fireplaces, and a two-car garage. The property has a 14,760 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on eight comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of frame, stucco, or frame and masonry exterior construction that range in size from 3,558 to 4,399 square feet of living area and range in age from 63 to 111

years old. Seven comparables have partial or full basements with three having recreation rooms. One comparable has a concrete slab foundation. Seven comparables have central air conditioning and each comparable has a two-car to a three-car garage. Six comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$50,640 to \$79,050 or from \$14.23 to \$18.35 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$69,725 or \$17.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,728. The subject has an improvement assessment of \$77,754 or \$19.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code and within .25 mile from the subject. The comparables are improved with two-story, class 2-06 dwellings of masonry or frame and masonry exterior construction that range in size from 3,854 to 4,246 square feet of living area and range in age from 79 to 89 years old. The comparables have partial or full unfinished basements. Three comparables have central air conditioning. Each comparable has one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$78,698 to \$88,046 or from \$19.56 to \$21.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 12 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2, and #4 through #7 due to their dissimilar ages, foundation type and/or basement recreation rooms when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with the board of review comparables which overall are most similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$72,935 to \$88,046 or from \$17.75 to \$21.62 per square foot of living area. The subject has an improvement assessment of \$77,754 or \$19.27 per square foot of living area which falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
