

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Poggioli
DOCKET NO.: 18-20934.001-R-1
PARCEL NO.: 05-20-109-027-0000

The parties of record before the Property Tax Appeal Board are Peter Poggioli, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,240
IMPR.: \$103,974
TOTAL: \$125,214

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of stucco construction exterior with 3,638 square feet of living area. The dwelling is approximately 7 years old. Features of the property include a full unfinished basement, central air conditioning, two fireplaces, and a two-car garage. The property has a 13,275 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables improved with class 2-78 dwellings of frame, masonry, stucco or frame and masonry exterior construction ranging in size from 3,238 to 3,657 square feet of living area. The homes range in age from 9 to 22 years old. Each property has a full basement with four having

recreation rooms, central air conditioning, one to three fireplaces and a two-car garage. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$77,540 to \$95,040 or from \$22.14 to \$26.06 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$89,931.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,214. The subject property has an improvement assessment of \$103,974 or \$28.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story class 2-78 dwellings of frame or masonry exterior construction ranging in size from 3,150 to 3,526 square feet of living area. The homes are 7 or 9 years old. Each property has a full basement with two having recreation rooms, central air conditioning, one or two fireplaces and a two-car garage. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$111,650 to \$124,950 or from \$32.40 to \$38.06 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains twelve comparables submitted by the parties to support their respective positions. The comparables all have the same classification code and neighborhood code as the subject property. Each property is improved with a home that is similar to the subject in style, size, and features with the exception that six of the comparables have finished basement area while the subject has an unfinished basement. The Board gives less weight to appellant's comparables #1, #2, #3, #5 and #7 due to the fact these homes are older than the subject dwelling and not as similar in age to the subject as the remaining comparables. The Board gives most weight to appellant's comparables #4, #6 and #8 as well as the four comparables submitted by the board of review, which are most similar to the subject in age. These comparables have improvement assessments that range from \$84,040 to \$124,950 or from \$24.72 to \$38.06 per square foot of living area. Board of review comparable #4 is the overall best comparable with respect to location, size, age, and features with an improvement assessment of \$120,240 or \$34.10 per square foot of living area. The subject's improvement assessment of \$103,974 or \$28.58 per square foot of living area falls within the range established by the best comparables in this record and well supported by the overall best equity comparable. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
