

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Glen  
DOCKET NO.: 18-20961.001-R-1  
PARCEL NO.: 05-33-206-015-0000

The parties of record before the Property Tax Appeal Board are Robert Glen, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,750  
**IMPR.:** \$49,797  
**TOTAL:** \$62,547

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,012 square feet of living area. The dwelling is approximately 95 years old. Features of the home include a full unfinished basement, a fireplace and a two-car garage. The property has a 7,500 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,585 to 2,186 square feet of living area. The

dwellings range in age from 67 to 124 years old. Each comparable has a full or partial basement, two of which have recreation rooms, four comparables have central air conditioning, five comparables each have a fireplace and six comparables have from a one-car to a two-car garage. The comparables have improvement assessments that range from \$27,431 to \$39,020 or from \$15.44 to \$17.85 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,600 or \$16.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,547. The subject property has an improvement assessment of \$49,797 or \$24.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property, as comparable #4 is a duplicate of comparable #1. The comparables are improved with class 2-05 or class 2-06, two-story dwellings of frame and masonry exterior construction ranging in size from 1,922 to 2,432 square feet of living area. The dwellings are 93 or 94 years old. Each comparable has a full or partial basement that is unfinished, a fireplace and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$48,050 to \$63,442 or from \$25.00 to \$28.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #5 and #6, as well as board of review comparable #3, which differ from the subject in age or dwelling size. Furthermore, appellant's comparable #5 lacks a garage, unlike the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are relatively similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments ranging from \$33,400 to \$63,442 or from \$15.75 to \$28.16 per square foot of living area. The subject's improvement assessment of \$49,797 or \$24.75 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
