

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Dooley  
DOCKET NO.: 18-20973.001-R-1  
PARCEL NO.: 16-31-412-014-0000

The parties of record before the Property Tax Appeal Board are Richard Dooley, the appellant, by attorney Spiro Zarkos of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,756  
**IMPR.:** \$9,600  
**TOTAL:** \$13,356

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,000 square feet of living area. The dwelling is approximately 93 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 3,853 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property and from .5 to .8 of a mile from the subject. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,166 to 1,549 square feet of

living area. The dwellings range in age from 61 to 66 years old. Two comparables have concrete slab foundations, two comparables have full unfinished basements and each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$5,930 to \$6,078 or from \$4.04 to \$5.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$4,930 or \$4.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,356. The subject property has an improvement assessment of \$9,600 or \$9.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code and block as the subject property. The comparables are improved with class 2-03 one-story dwellings of masonry exterior construction ranging in size from 1,002 to 1,020 square feet of living area. The dwellings are each 93 years old. Each comparable has a full or partial basement, one of which has a recreation room, two comparables have central air conditioning and each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments that range from \$10,781 to \$12,859 or from \$10.59 to \$12.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables due to their newer ages when compared to the subject dwelling. Furthermore, appellant's comparables #1 and #2 have considerably larger dwelling sizes when compared to the subject and appellant's comparables #3 and #4 have dissimilar concrete slab foundations in contrast to the subject's full unfinished basement. The Board finds the best evidence of assessment equity to be the comparables provided by the board of review, which are most similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments ranging from \$10,781 to \$12,859 or from \$10.59 to \$12.83 per square foot of living area. The subject's improvement assessment of \$9,600 or \$9.60 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
