

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Githesh Ramamurthy
DOCKET NO.: 18-21130.001-R-1
PARCEL NO.: 05-20-407-048-0000

The parties of record before the Property Tax Appeal Board are Githesh Ramamurthy, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; the Cook County Board of Review; the New Trier H.S.D. #203 intervenor, by attorney Scott L. Ginsburg of Robbins Schwartz Nicholas Lifton Taylor in Chicago.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 63,484
IMPR.: \$214,422
TOTAL: \$277,906

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a ten-year-old, two-story dwelling of masonry construction with 7,453 square feet of living area. Features of the home include a full basement, central air conditioning, three fireplaces and a three-car garage. The property has a 45,346 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five suggested equity comparables. Those properties range: in age from nine to 16-year-old; in size from 7,364 to 7,832 square feet of living area; and in improvement assessment from \$13.73 to \$27.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$277,906. The subject property has an improvement assessment of \$214,422 or \$28.77 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables with sales data on comparable #2. Those comparables range: in age from four to 28-years-old; in size from 6,477 to 8,435 square feet of living area; and in improvement assessment from \$32.38 to \$37.97 per square foot of living area.

Intervenor's attorney submitted a brief along with five suggested equity comparables. Those comparables can be described as two story residential dwellings of masonry, frame/masonry, or stucco construction and range: in age from four to 11-years-old; in size from 7,189 to 7,692 square feet of living area; and in improvement assessment from \$30.69 to \$51.13 per square feet of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be all of the appellant's comparables, all of the intervenor's comparables, and the board of review's comparables #2 and #4. These comparables had improvement assessments that ranged from \$13.73 to \$51.13 per square foot of living area. The subject's improvement assessment of \$28.77 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
