

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Courtney VanDeveld  
DOCKET NO.: 18-21161.001-R-1  
PARCEL NO.: 05-28-301-003-0000

The parties of record before the Property Tax Appeal Board are Courtney VanDeveld, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,060  
**IMPR.:** \$46,596  
**TOTAL:** \$58,656

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,292 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace and a one-car garage. The property has a 6,700 square foot site located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with similar class 2-06 dwellings of frame and masonry exterior construction ranging in size from 2,658 to 2,982 square feet of living area. The comparables range in age

from 64 to 79 years old. Each comparable has a partial basement, one of which has finished area. Two comparables each have central air conditioning. Each comparable has one fireplace and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$48,850 to \$50,817 or \$16.94 and \$18.38 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$41,027 or \$17.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" for a different docket number and a different parcel than the subject. Furthermore, the board of review's evidence included comparables for class 2-09 dwellings that are located in a different neighborhood than the subject property.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated November 1, 2018 disclosing the subject has a total assessment of \$58,656. The submission by the appellant also revealed that the subject has an improvement assessment of \$46,596 or \$20.33 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the evidence submitted by the board of review is for a different parcel, and the comparables are for properties located in a different neighborhood code other than the subject. Therefore, the Board gave no weight to this evidence.

The appellant submitted three equity comparables for the Board's consideration. These comparables are similar to the subject in location, design, exterior construction, age and some features. The Board finds that each of the appellant's comparables is larger than the subject dwelling suggesting upward adjustments would be appropriate to the comparables due to economies of scale. In addition, comparable #3 has a finished basement superior to the subject's unfinished basement suggesting a downward adjustment is required to make it more equivalent to the subject. These comparables have improvement assessments of \$16.94 and \$18.38 per square foot of living area. The subject's improvement assessment of \$20.33 falls above the assessments of the appellant's comparables in this record on a per square foot basis. However, the subject's higher per square foot assessment is logical given its smaller dwelling size in relation to the appellant's comparables in the record and the well-known real estate principle of economies of scale which states that as the size of a dwelling increases, its price per square foot decreases, and vice versa. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
