

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria De Cicco  
DOCKET NO.: 18-21222.001-R-1  
PARCEL NO.: 09-07-227-016-0000

The parties of record before the Property Tax Appeal Board are Maria De Cicco, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,347  
**IMPR.:** \$34,395  
**TOTAL:** \$40,742

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of masonry exterior construction with 2,756 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, one fireplace and a two-car attached garage. The property has a 9,404 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with class 2-78 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,450 to 3,488 square feet of living area. The homes range in age from 25 to 39 years old. Each comparable has a full unfinished basement, central

air conditioning, one fireplace, and an attached 2-car garage. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$23,652 to \$35,263 or from \$9.65 to \$10.74 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$27,698.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,742. The subject property has an improvement assessment of \$34,395 or \$12.48 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of masonry or frame exterior construction ranging in size from 2,700 to 2,856 square feet of living area. The homes are either 28 or 33 years old. Each property has a full unfinished basement, central air conditioning, and either a 2-car or 2.5-car garage. Three comparables have one fireplace. The comparables have the same property classification code and neighborhood code as the subject property. The comparables have improvement assessments ranging from \$36,045 to \$40,169 or from \$12.69 to \$14.07 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven comparables with the same classification code and neighborhood code as the subject property. The Board gives most weight to the board of review comparables due to the fact these properties are improved with dwellings that are more similar to the subject dwelling in size than are the comparables submitted by the appellant. The board of review comparables are also similar to the subject in features with the exception each property has an unfinished basement while the subject has a finished basement and comparable #4 has no fireplace while the subject has one fireplace. The board of review comparables have improvement assessments that range from \$36,045 to \$40,169 or from \$12.69 to \$14.07 per square foot of living area. The subject's improvement assessment of \$34,395 or \$12.48 per square foot of living area falls below the range established by the best comparables in this record even though the subject dwelling arguably has slightly superior amenities. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
