

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Natalia Charniauski
DOCKET NO.: 18-21246.001-R-1
PARCEL NO.: 09-27-119-018-0000

The parties of record before the Property Tax Appeal Board are Natalia Charniauski, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,950
IMPR.: \$30,375
TOTAL: \$35,325

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame construction with 2,222 square feet of living area. The dwelling is approximately 64 years old. Features of the property include a slab foundation, central air conditioning, one fireplace, and a detached 2.5-car garage. The property has a 6,600 square foot site and is located in Maine, Park Ridge Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with class 2-04 properties of frame or frame and masonry exterior construction ranging in size from 1,862 to 2,202 square feet of living area. The homes range in age from 60 to 68 years old. One comparable has a slab foundation and two comparables have

either a full or partial basement with one having finished area. Each property has central air conditioning, one or two fireplaces, and a 2-car or 2.5-car garage. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$20,859 to \$25,741 or from \$11.20 to \$11.90 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$25,775.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,325. The subject property has an improvement assessment of \$30,375 or \$13.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with either a 1-story or a 1.5-story dwelling of frame or masonry exterior construction ranging in size from 1,810 to 2,116 square feet of living area. The homes range in age from 62 to 88 years old. Each property has a full basement with one having a formal recreation room, one comparable has central air conditioning, one property has one fireplace, and each comparable has a 2-car garage. Each comparable has the same assessment classification code and neighborhood code as the subject property. The comparables have improvement assessments ranging from \$28,887 to \$33,158 or from \$15.67 to \$16.95 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on six comparables with the same classification code and neighborhood code as the subject property. Five comparables have full or partial basements with two having finished area, superior to the subject's slab foundation, suggesting downward adjustments would be needed to make the comparables more equivalent to the subject property. Board of review comparables #2 and #3 have no central air conditioning and no fireplace, features the subject property has, suggesting upward adjustments would be needed to these comparables to make them more equivalent to the subject property. The comparables are all relatively similar to the subject in age. The comparables have improvement assessments that range from \$20,859 to \$33,158 or from \$11.20 to \$16.95 per square foot of living area. The subject's improvement assessment of \$30,375 or \$13.67 per square foot of living area falls within the range established by the comparables in this record and appears equitable after considering the possible positive and negative adjustments that would be needed to make the comparables more equivalent to the subject property. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
