

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Handwerker
DOCKET NO.: 18-21308.001-R-1
PARCEL NO.: 05-07-100-014-0000

The parties of record before the Property Tax Appeal Board are Michael Handwerker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,790
IMPR.: \$92,399
TOTAL: \$113,189

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction with 4,137 square feet of living area. The dwelling is approximately 21 years old. Features include a partial finished basement, central air conditioning, two fireplaces and a 2-car garage. The subject is located in Glencoe, New Trier Township, Cook County. The subject dwelling is classified as a Class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,246 to 4,915 square feet of living area. The dwellings range

in age from 4 to 32 years old. Features include a partial or full basement with one having finished area, central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments ranging from \$86,815 to \$94,422 or from \$19.21 to \$21.23 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$82,905 or \$20.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$113,189. The subject property has an improvement assessment of \$92,399 or \$22.33 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-08 dwellings of masonry exterior construction ranging in size from 4,104 to 4,460 square feet of living area. The dwellings range in age from 12 to 25 years old. Each comparable has a full basement with two having finished area, central air conditioning, two or three fireplaces, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$93,958 to \$108,427 or from \$22.43 to \$26.42 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 due to its considerably newer age and larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables and the board of review comparables. These six comparables are similar to the subject in location, age, dwelling size, and some features. These six comparables have improvement assessments ranging from \$86,815 to \$108,427 or from \$19.68 to \$26.42 per square foot of living area. The subject's improvement assessment of \$92,399 or \$22.33 per square foot of living area falls within the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
