

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: UnBo & Cristina L. Chung  
DOCKET NO.: 18-21469.001-R-1 through 18-21469.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are UnBo & Cristina L. Chung, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
18-21469.001-R-1	05-18-212-022-0000	8,720	67,850	\$76,570
18-21469.002-R-1	05-18-212-034-0000	4,000	0	\$4,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two parcels with an improvement situated on one parcel. Parcel #1 (PIN 05-18-212-022-0000) has a two-story dwelling of frame and masonry exterior construction. The dwelling is approximately 54 years old and has 2,714 square feet of living area. Features of the home include a partial unfinished basement, central air conditioning, a fireplace, and a 2-car garage. Parcel #2 has a land assessment with no improvement assessment to the property. The subject's two parcels are located in Winnetka, New Trier Township, Cook County. The subject is classified as a Class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend improvement assessment inequity as the basis of the appeal for Parcel #1 and did not contest the land assessments for either of the subject's two parcels. In support of this argument, the appellants submitted information on three equity comparables that are located

within the same neighborhood code as the subject. The comparables are improved with Class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,984 to 3,280 square feet of living area. The dwellings range in age from 31 to 53 years old. Each comparable has a partial or full unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$68,410 to \$77,006 or from \$20.86 to \$23.90 per square foot of living area. Based on this evidence, the appellants requested in the "Addendum to Petition" that the subject's improvement assessment for Parcel #1 be reduced to \$61,771 or \$22.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment for Parcel #1 of \$76,570. Parcel #1 has an improvement assessment of \$67,850 or \$25.00 per square foot of living area. In support of its contention of the correct assessment for Parcel #1, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with Class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,434 to 2,877 square feet of living area. The dwellings range in age from 52 to 62 years old. Each comparable has a partial or full basement with two having finished area, central air conditioning, one or two fireplaces, and either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$62,651 to \$79,015 or from \$25.07 to \$31.61 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board finds the appellants are only requesting a reduction in the improvement assessment for Parcel #1 so only that parcel will be analyzed for equity. The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1 and #3 due to dissimilarities in their dwellings age and/or size when compared to the subject. The Board also gives less weight to the board of review comparables #2 and #4 due to their finished basements when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables as they are most similar in property characteristics to the subject property. These three comparables have improvement assessments ranging from \$62,651 to \$79,015 or from \$23.53 to \$31.61 per square foot of living area. The subject's improvement assessment for Parcel #1 of \$67,850 or \$25.00 per square foot of living area falls within the range established by the three most similar comparables contained in this record. After considering adjustments to the comparables when compared to the subject, the Board finds the appellants did not demonstrate

with clear and convincing evidence that the subject's improvement for Parcel #1 was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
