

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marybelle Mandel
DOCKET NO.: 18-21646.001-R-1
PARCEL NO.: 16-31-327-011-0000

The parties of record before the Property Tax Appeal Board are Marybelle Mandel, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,343
IMPR.: \$10,249
TOTAL: \$14,592

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one and one-half story, masonry dwelling. The dwelling contains 1,385 square feet of living area and is 94 years old. The property is situated on a 4,455 square foot parcel and is located in Berwyn Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and equity arguments. In support of the overvaluation argument the appellant submitted evidence disclosing the subject property was purchased on June 1, 2015 for a price of \$50,000. The evidence indicated the property was not advertised for sale on the open market and was sold "by owner." The appellant did not submit any sale comparables to demonstrate that the sale was at fair market value. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price less a 3% deduction for personal property.

The appellant also contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables. The suggested comparables range in improvement assessment per square foot of living area from \$4.04 to \$6.88.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$14,592. The subject property has an improvement assessment of \$10,249 or \$7.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The suggested comparables range in improvement assessment per square foot of living area from \$7.57 to \$11.03. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives no weight to the subject's sale due to the fact it did not have the elements of an arm's length transaction as it was not advertised or exposed on the open market. The appellant could have provided sale comparables to show that the purchase was at market value, however, no such evidence was provided. Accordingly, the Board finds a reduction in the subject's assessment on this basis is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables #1 through #4 submitted by the board of review, as they are most similar to the subject in design, construction, and size. In addition, these comparables are all located on the subject's block. These comparables had improvement assessments that ranged from \$7.57 to \$11.03 per square foot of living area. The subject's improvement assessment of \$7.40 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
