

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Athanasopoulos  
DOCKET NO.: 18-22026.001-R-1  
PARCEL NO.: 28-11-315-002-0000

The parties of record before the Property Tax Appeal Board are James Athanasopoulos, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,452  
**IMPR.:** \$9,150  
**TOTAL:** \$10,602

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,204 square feet of living area. The dwelling is approximately 79 years old. Features of the home include a full basement with a recreation room and a two-car garage. The property has a 5,280 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,335 to 1,476 square feet of living area. The dwellings range in age from 65 to 89

years old. One comparable has a full unfished basement and three comparables have either crawl space or concrete slab foundations. Three comparables each have from a 1-car to a 2.5-car garage. The comparables have improvement assessments that range from \$6,968 to \$8,971 or from \$5.22 to \$6.08 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$6,935 or \$5.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,602. The subject property has an improvement assessment of \$9,150 or \$7.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,152 to 1,292 square feet of living area. The dwellings range in age from 63 to 72 years old. Each comparable has a full unfinished basement and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$10,311 to \$12,207 or from \$8.39 to \$9.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2, #3 and #4, due to their dissimilar crawl space or concrete slab foundations when compared to the subject's full unfinished basement. Furthermore, appellant's comparable #3 has no garage, as does the subject. The Board gives reduced weight to board of review comparables #1, #3 and #4 due to their newer ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #2, which are similar to the subject in location, dwelling size, design, age and most features. These comparables have improvement assessments of \$6,968 and \$11,812 or \$5.22 and \$9.34 per square foot of living area, respectively. The subject's improvement assessment of \$9,150 or \$7.60 per square foot of living area is bracketed by the two best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
