

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Kalil
DOCKET NO.: 18-22036.001-R-1
PARCEL NO.: 05-17-309-019-0000

The parties of record before the Property Tax Appeal Board are Michael Kalil, the appellant, by attorney Howard J. Weiss of Ziering & Weiss, P.C. in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,597
IMPR.: \$152,419
TOTAL: \$172,016

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,961 square feet of living area. The dwelling is approximately 10 years old. Features of the home include a full basement with a recreation room, central air conditioning, two fireplaces and a two-car garage. The property has a 10,050 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 3,818 to 4,327 square feet of living area. The dwellings range in age from 9 to 16

years old. Each comparable has a full basement, three of which have recreation rooms. The comparables each have central air conditioning and a two-car garage. Three comparables each have two fireplaces. The comparables have improvement assessments that range from \$114,761 to \$135,950 or from \$27.80 to \$33.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$111,825 or \$28.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,016. The subject property has an improvement assessment of \$152,419 or \$38.48 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08, two-story dwellings of frame, stucco or masonry exterior construction ranging in size from 3,840 to 4,161 square feet of living area. The dwellings range in age from 1 to 19 years old. Each comparable has a full basement with a recreation room, three comparables have central air conditioning, and each comparable has two to four fireplaces and from a 1.5-car to a 3-car garage. The comparables have improvement assessments that range from \$156,672 to \$227,690 or from \$40.80 to \$54.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #3 based on its new construction when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, classification, dwelling size, design, age and most features. The comparables have improvement assessments that range from \$114,761 to \$227,690 or from \$27.80 to \$54.72 per square foot of living area. The subject's improvement assessment of \$152,419 or \$38.48 per square foot of living area falls within the range established by the best comparables in the record and is below each of the board of review comparables. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
