

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sameer Parab
DOCKET NO.: 18-22469.001-R-1
PARCEL NO.: 05-18-107-012-0000

The parties of record before the Property Tax Appeal Board are Sameer Parab, the appellant(s), by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; the Cook County Board of Review; and New Trier H.S.D. # 203, the intervenor, by attorney Scott L. Ginsburg of Robbins Schwartz Nicholas Lifton Taylor in Chicago.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,521
IMPR.: \$166,229
TOTAL: \$194,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 23,768 square foot parcel of land improved with a 16-year old, two-story, masonry, single-family dwelling containing 6,032 square feet of building area. The property is located in Winnetka, New Trier Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted five sales comparables. The comparables are described as two-story, masonry, single-family dwellings. They range in age from 13 to 87 and in size from 5,012 to 5,794 square feet of building area. They sold from April to December 2016 for prices ranging from \$233.00 to \$316.00 per square foot of building area, rounded.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$194,750,000 which reflects a market value of \$1,947,500 or \$322.86 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four comparables. The comparables are described as two-story, masonry or frame and masonry, single-family dwellings. They range in age from one to 16 years and in size from 6,071 to 6,662 square feet of building area. They sold from May 2016 to August 2018 for prices ranging from \$424.83 to \$480.34 per square foot of building area. The board of review also listed the sale of the subject in June 2015 for \$1,947,500.

The intervenor submitted seven comparables. The comparables are described as two-story, masonry or stone or frame and masonry, single-family dwellings. They range in age from one to 20 years and in size from 3,966 to 8,400 square feet of building area. They sold from March 2015 to August 2017 for prices ranging from \$342.26 to \$488.89 per square foot of building area.

In rebuttal, the intervenor submitted a letter addressing the appellant's comparables and included the multiple listing (MLS) printouts for these properties which list the sales dates. The intervenor submitted a MLS printout disclosing that the appellant's comparable #1 sale was canceled.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparable #2, the intervenor's comparables #2 and #6, and the board of review's comparables. These comparables had sales prices ranging from \$306.25 to \$480.34 per square foot of building area. The remaining comparables were given less weight due to differences in age and/or size. In comparison the subject's assessment reflects a market value of \$322.86 per square foot of building area is within the range of the best comparables in this record and is the same value that the subject sold for in 2015. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
