

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AN Funding Inc.
DOCKET NO.: 18-23164.001-R-1
PARCEL NO.: 16-30-304-046-0000

The parties of record before the Property Tax Appeal Board are AN Funding Inc., the appellant, by attorney Edwin M. Wittenstein, of Worssek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,205
IMPR.: \$8,295
TOTAL: \$14,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry construction with 1,669 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 6,365 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 13, 2016 for a price of \$145,000.

Based on this evidence, the appellant requested that the subject's assessment be reduced to \$12,789.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,091. The subject's assessment reflects a market value of \$200,910 or \$120.38 per square foot of living area, land included, when using the level of assessments for class 2 property of 10%. The subject has an improvement assessment of \$13,886 or \$8.32 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located within the same neighborhood code as the subject. The comparables have sites ranging in size from 3,750 to 4,445 square feet of land area that are improved with 1.5-story, class 2-03, dwellings of masonry or frame and masonry construction. The homes range in age from 70 to 80 years old and range in size from 1,369 to 1,623 square feet of living area. The comparables have other features with varying degrees of similarity to the subject. The comparables sold from May 2015 to August 2017 for prices ranging from \$177,000 to \$336,000 or from \$129.29 to \$207.02 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2016 for a price of \$145,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 34 days. In further support of the transaction the appellant submitted Multiple Listing Service (MLS) documentation, a copy of the settlement statement and a printout from the Recorder of Deeds. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board further finds that the board of review's comparable sales analysis, which includes two sales from 2015, does not overcome the weight given to the subject's April 2016 arm's-length sale transaction. Based on this record the Board finds a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
