

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Potts
DOCKET NO.: 18-23339.001-R-1
PARCEL NO.: 04-09-410-059-0000

The parties of record before the Property Tax Appeal Board are Steven Potts, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,156
IMPR.: \$44,490
TOTAL: \$63,646

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,606 square feet of living area. The dwelling is approximately 108 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a two-car garage. The property has a 17,820 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of frame or masonry exterior construction ranging in size from 2,253 to 2,457 square feet of living area. The comparables range in age from 61 to 102

years old. The comparables have partial or full basements, three of which have finished area, and central air conditioning. One comparable has a fireplace, and two comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$30,989 to \$35,955 or from \$13.75 to \$14.71 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$38,151 or \$14.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,646. The subject property has an improvement assessment of \$44,490 or \$17.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of frame exterior construction ranging in size from 2,058 to 2,628 square feet of living area. The comparables range in age from 77 to 98 years old. The comparables have partial or full basements, one of which has finished area, central air conditioning, and either a one-car or a two-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$35,809 to \$46,258 or from \$17.40 to \$20.41 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #5 as well as board of review comparables #2 and #3 due to differences in their dwelling size, age, and/or finished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size, foundation, and some features. These four comparables have improvement assessments ranging from \$33,331 to \$44,287 or from \$14.64 to \$20.41 per square foot of living area. The subject's improvement assessment of \$44,490 or \$17.07 per square foot of living area falls above the range with its overall improvement assessment and within the range on a per-square-foot basis, which is logical considering its larger dwelling size and/or other amenities. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
