

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Alberico
DOCKET NO.: 18-23344.001-R-1
PARCEL NO.: 11-07-110-050-0000

The parties of record before the Property Tax Appeal Board are Matthew Alberico, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,131
IMPR.: \$123,987
TOTAL: \$135,118

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,200 square feet of living area. The dwelling is approximately one year old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 7,421 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-78 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 3,243 to 3,604 square feet of living

area. The dwellings are either one or four years old. The comparables have full finished basements, central air conditioning, and one or two fireplaces. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$78,578 to \$105,594 or from \$24.23 to \$30.88 per square foot of living area. The appellant requested the improvement assessment be reduced to \$99,179 or \$30.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,118. The subject property has an improvement assessment of \$123,987 or \$38.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-78, two-story dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 3,224 to 3,537 square feet of living area. The dwellings are either one or four years old. The comparables have full finished basements, central air conditioning, and one or two fireplaces. The comparables have improvement assessments ranging from \$120,293 to \$155,594 or from \$36.40 to \$47.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration which are all located on the same block as the subject and similar to the subject in overall property characteristics except for differences in their dwelling sizes and/or lack of garage. Therefore, the Board gives greater weight to the appellant's comparables #1 and #4 as well as the board of review comparables #1, #3 and #4 because they are closer in dwelling size to the subject. However, four of these five comparables lack a garage, unlike the subject which has a two-car garage. These comparables have improvement assessments ranging from \$78,578 to \$155,594 or from \$24.23 to \$47.86 per square foot of living area. The subject's improvement assessment of \$123,987 or \$38.75 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
