

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Danny Sourbis
DOCKET NO.: 18-23351.001-R-1
PARCEL NO.: 16-32-118-009-0000

The parties of record before the Property Tax Appeal Board are Danny Sourbis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,746
IMPR.: \$13,516
TOTAL: \$17,262

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of masonry exterior construction with 2,152 square feet of building area. The building is approximately 92 years old. Features include a full basement with finished area, central air conditioning, and a two-car garage. The property has a 3,843 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located .06 to .49 of a mile to the subject property and within the subject's same neighborhood code. The comparables are improved with class 2-11, "1.5-1.9-story" or 2-story, multi-family buildings of frame or masonry exterior construction ranging in size from

1,957 to 2,510 square feet of building area. The buildings range in age from 63 to 120 years old. One comparable has a concrete slab foundation, and three comparables each have full basements with two comparables finished with an apartment or a formal recreational room. One comparable has central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$1,485 to \$13,629 or from \$0.71 to \$5.56 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$7,090 or \$3.29 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,262. The subject property has an improvement assessment of \$13,516 or \$6.28 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. Three comparables are also located within the same block as the subject, and one comparable is located .25 of a mile from the subject property. The comparables are improved with class 2-11, two-story, multi-family buildings of masonry exterior construction with 2,128 or 2,152 square feet of building area. The buildings are each 92 years old and have full basements with two comparables finished with a formal recreational room. Two comparables each have central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$15,581 to \$16,597 or from \$7.32 to \$7.71 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. Less weight is given by the Board to the appellant's comparables which differ from the subject in design, age, building size, and/or lack a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are identical or nearly identical to the subject in age and building size, and similar in some features. These comparables have improvement assessments ranging from \$15,581 to \$16,597 or from \$7.32 to \$7.71 per square foot of building area. The subject's improvement assessment of \$13,516 or \$6.28 per square foot of building area falls below the range of the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
