

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Khawla Abdelahamid
DOCKET NO.: 18-23354.001-R-1
PARCEL NO.: 16-19-112-046-0000

The parties of record before the Property Tax Appeal Board are Khawla Abdelahamid, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,315
IMPR.: \$16,251
TOTAL: \$20,566

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story multi-family dwelling of masonry exterior construction with 1,764 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a full basement with an apartment and a two-car garage. The property has a 4,932 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on eight equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1-story, 1.5-1.9-story, or 2-story class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from

1,428 to 2,122 square feet of building area. The buildings range in age from 90 to 114 years old. Two comparables have concrete slab foundations, and six comparables have full basements, three of which are finished with an apartment or a formal recreational room. Each comparable has either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$9,919 to \$14,105 or from \$5.67 to \$7.34 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$11,969 or \$6.79 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,566. The subject property has an improvement assessment of \$16,251 or \$9.21 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1-story, 1.5-story, or 2-story class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,779 to 2,080 square feet of building area. The buildings range in age from 52 to 93 years old and have full basements finished with an apartment or a formal recreational room. Two comparables each have central air conditioning. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$16,433 to \$19,616 or from \$9.24 to \$9.43 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject due to dissimilarities in their design, age, dwelling size, and/or other features when compared to the subject. Nevertheless, these comparables have improvement assessments ranging from \$9,919 to \$19,616 or from \$5.67 to \$9.43 per square foot of building area. The subject's improvement assessment of \$16,251 or \$9.21 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
