

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Was Bogdan  
DOCKET NO.: 18-23405.001-R-1  
PARCEL NO.: 09-32-213-008-0000

The parties of record before the Property Tax Appeal Board are Was Bogdan, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,200  
**IMPR.:** \$39,840  
**TOTAL:** \$44,040

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story, multi-family building of masonry exterior construction with 4,928 square feet of building area. The building is approximately 51 years old and has a full basement with an apartment. The property has a 5,600 square foot site and is located in Rosemont, Maine Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables that are located within the same neighborhood code as the subject property or from .01 to .06 of a mile from the subject property. Six comparables are also located on the same block as the subject property. The comparables are improved with two-story class 2-11 multi-family buildings of masonry exterior construction with 4,928 square feet of building area. The

buildings are 51 or 52 years old and have full basements finished with apartments. The comparables have improvement assessments ranging from \$35,200 to \$38,931 or from \$7.14 to \$7.90 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$36,473 or \$7.40 per square foot of building area.

The board of review submitted two "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,040. The subject property has an improvement assessment of \$39,840 or \$8.08 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted two grid analyses with four comparables numbered 1 through 4 on each grid analysis. For this analysis, the grid analysis with three of the four comparables containing only equity data will be renumbered in consecutive order as comparable numbers 5 through 8.

The board of review comparables are located within the same neighborhood code as the subject property. Six comparables are also located within the same block as the subject, and one comparable is located .25 of a mile from the subject property. The comparables are improved with class 2-11 two-story multi-family buildings of masonry exterior construction with 4,576 or 4,928 square feet of building area. The buildings range in age from 47 to 51 years old and have full basements with six comparables finished with apartments. The comparables have improvement assessments ranging from \$35,482 to \$39,840 or from \$7.20 to \$8.08 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 15 suggested comparables for the Board's consideration. The Board gives less weight to the board of review comparable #3 due to its dissimilar dwelling size and unfinished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as the board of review remaining as they are similar in location to the subject and are practically identical in property characteristic to the subject. These 14 comparables have improvement assessments ranging from \$35,200 to \$39,840 or from \$7.14 to \$8.08. The subject's improvement assessment \$39,840 or \$8.08 per square foot of living area falls at the highest end of the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
