

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chmura Peter  
DOCKET NO.: 18-23411.001-R-1  
PARCEL NO.: 12-13-315-006-0000

The parties of record before the Property Tax Appeal Board are Chmura Peter, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,835  
**IMPR.:** \$34,515  
**TOTAL:** \$37,350

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,601 square feet of living area. The dwelling is approximately one year old. Features include a full basement with finished area, central air conditioning, one fireplace, and a 1.5-car garage. The property has a 5,670 square foot site and is located in Norridge, Norwood Park Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,422 to 3,120 square feet of living area. The

dwellings range in age from 44 to 60 years old and have partial or full basements with one comparable having finished area. Four comparables each have central air conditioning. Each comparables has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$28,459 to \$34,634 or from \$11.10 to \$11.80 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$30,068 or \$11.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,350. The subject property has an improvement assessment of \$34,515 or \$13.27 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,016 to 3,408 square feet of living area. The dwellings are either 1 or 59 years old. The comparables have full basements with finished area, central air conditioning, and either a 2-car or a 3-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$31,429 to \$101,794 or from \$14.47 to \$31.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject due to differences in their age, dwelling size, and/or other features. Nevertheless, these comparables have improvement assessments ranging from \$11.10 to \$31.30 per square foot of living area. The subject's improvement assessment of \$13.27 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
