

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Huffman
DOCKET NO.: 18-24063.001-R-1
PARCEL NO.: 08-33-409-033-0000

The parties of record before the Property Tax Appeal Board are Brian Huffman, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,430
IMPR.: \$20,060
TOTAL: \$23,490

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,587 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a crawl space foundation, central air conditioning, and a two-car garage. The property has a 7,623 square foot site located in Elk Grove, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,320 to 1,715 square feet of living area. The dwellings range in age from

56 to 59 years old and have crawl space foundations. One comparable has central air conditioning. Each comparable has either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$12,694 to \$17,270 or from \$9.32 to \$10.09 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,600 or \$9.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,490. The subject property has an improvement assessment of \$20,060 or \$12.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables, two of which are located within the same neighborhood code as the subject. The comparables are improved with class 2-03, 1-story or 1.5-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,409 to 1,598 square feet of living area. The dwellings range in age from 50 to 57 years old and have either a crawl space or a concrete slab foundation. Three comparables each have central air conditioning. Each comparable has either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$19,553 to \$21,267 or from \$12.64 to \$13.88 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to both parties' comparables #2 and #4 due to their smaller dwelling sizes or different neighborhood codes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are identical or relatively similar to the subject in location, design, age, dwelling size, and foundation. The comparables have improvement assessments ranging from \$14,606 to \$20,059 or from \$9.32 to \$13.88 per square foot of living area. The subject's improvement assessment of \$20,060 or \$12.64 per square foot of living area falls slightly above the range on an overall improvement assessment basis and within the range on a per-square-foot basis. Additionally, the Board finds board of review comparable #1 to be nearly identical in most features to the subject and has the subject's same \$12.64 per square foot of living area improvement assessment. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
