

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rosalind Bladen  
DOCKET NO.: 18-24067.001-R-1  
PARCEL NO.: 10-24-116-066-0000

The parties of record before the Property Tax Appeal Board are Rosalind Bladen, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,058  
**IMPR.:** \$17,808  
**TOTAL:** \$19,866

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of masonry exterior construction with 1,090 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a full unfinished basement and central air conditioning. The property has a 2,941 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-95 townhomes of masonry exterior construction ranging in size from 1,062 to 1,090 square feet of living area. The dwellings are 56

or 59 years old and have full unfinished basements. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$11,100 to \$16,533 or from \$10.45 to \$15.39 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$11,445 or \$10.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,866. The subject property has an improvement assessment of \$17,808 or \$16.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-95, two-story townhomes of masonry exterior construction ranging from 1,044 to 1,094 square feet of living area. The comparables are each 59 years old and have full unfinished basements. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$16,391 to \$18,089 or from \$15.59 to \$16.34 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration, all of which are similar to the subject in location, age, dwelling size, foundation, and most features. These comparables have improvement assessments ranging from \$11,100 to \$18,089 or from \$10.45 to \$16.34 per square foot of living area. The subject's improvement assessment of \$17,808 or \$16.34 per square foot of living area falls within the range established by all the comparables in this record on an overall improvement assessment basis and matches the highest comparable on a per-square-foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
