

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Keyser
DOCKET NO.: 18-24068.001-R-1
PARCEL NO.: 11-07-109-007-0000

The parties of record before the Property Tax Appeal Board are Jason Keyser, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,850
IMPR.: \$48,353
TOTAL: \$59,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,217 square feet of living area. The dwelling is approximately 88 years old and has a full unfinished basement. The property has a 7,750 square foot site located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of masonry exterior construction ranging in size from 2,294 to 3,443 square feet of living area. The dwellings range in age from 94 to 106 years old and have full unfinished basements. One comparable has central air conditioning.

Three comparables each have a fireplace. The comparables have either a 1.5-car, a 2-car, or a 2.5-car garage. The comparables have improvement assessments ranging from \$44,458 to \$63,176 or from \$18.35 to \$20.02 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$41,879 or \$18.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,203. The subject property has an improvement assessment of \$48,353 or \$21.81 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-06 dwellings of masonry exterior construction ranging in size from 2,236 to 2,717 square feet of living area. The dwellings range in age from 86 to 91 years old and have full unfinished basements. One comparable has central air conditioning. Each comparable has a fireplace. Three comparables have a 2-car garage. The comparables have improvement assessments ranging from \$51,942 to \$64,425 or from \$22.14 to \$24.96 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and 2 as well as the board of review comparable #1 due to their considerably larger dwelling sizes when compared to the subject. The Board also gives less weight to the board of review comparable #3 which lacks a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in location, age, dwelling size, and/or other amenities. These four comparables have improvement assessments ranging from \$44,458 to \$54,707 or from \$18.55 to \$23.23 per square foot of living area. The subject's improvement assessment of \$48,353 or \$21.81 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
