

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Latridis
DOCKET NO.: 18-24163.001-R-1
PARCEL NO.: 09-35-305-003-0000

The parties of record before the Property Tax Appeal Board are Peter Latridis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,965
IMPR.: \$60,310
TOTAL: \$68,275

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,782 square feet of living area. The dwelling is approximately 8 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a 2-car garage. The property has an 8,850 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,329 to 3,788 square feet of living area. The

dwellings range in age from 1 to 21 years old and have partial or full basements with five comparables having finished area. Each comparable has central air conditioning. Eight comparables each have a fireplace. Seven comparables have either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$52,332 to \$62,130 or from \$15.71 to \$16.48 per square foot of living area. The appellant requested the improvement assessment be reduced to \$60,310 or \$15.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,717. The subject property has an improvement assessment of \$66,752 or \$17.65 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,180 to 2,578 square feet of living area. The dwellings range in age from 1 to 46 years old and have partial or full basements with two comparables having finished area. Each comparable has central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$45,045 to \$88,811 or from \$19.25 to \$36.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #5 and #7 as well as board of review comparables due differences in the dwelling sizes and/or ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables. These comparables are similar to the subject in location, dwelling size, age, and some features. These five comparables have improvement assessments ranging from \$55,990 to \$60,735 or from \$15.71 and \$16.15 per square foot of living area. The subject's improvement assessment of \$66,752 or \$17.65 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
