

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Stratigakis
DOCKET NO.: 18-24188.001-R-1
PARCEL NO.: 08-11-113-009-0000

The parties of record before the Property Tax Appeal Board are Nick Stratigakis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,794
IMPR.: \$20,120
TOTAL: \$25,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,160 square feet of living area. The dwelling is 53 years old. Features of the home include a partial basement with finished area, central air conditioning, and a 2.5-car garage. The property has a 10,535 square-foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales which are located within the same neighborhood code as the subject property. The comparables are improved with class 2-34 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,205 to 1,810 square feet of living area. The dwellings range in age from 48 to 62 years old and have

partial basements with finished area. One comparable has central air conditioning, two comparables have a fireplace, and three comparables have either a 1-car or a 1.5-car garage. The comparables have sites ranging from 8,125 to 10,015 and sale dates ranging from September 2016 through April 2018 for prices ranging from \$175,000 to \$264,000 or from \$136.72 to \$191.03 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$18,805. The requested assessment would reflect a total market value of \$188,050 or \$162.11 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,914. The subject's assessment reflects a market value of \$259,140 or \$223.40 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales which are located within the same neighborhood code as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 927 to 1,316 square feet of living area. The dwellings range in age from 52 to 61 years old and have partial basements with finished area. Three comparables each have central air conditioning. Each comparable has either a 1-car or a 2-car garage. The comparables have sites ranging from 8,125 to 9,820 and sale dates ranging from May through December of 2018 for prices ranging from \$290,000 to \$352,900 or from \$259.14 to \$312.84 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable sales #1 and #3 and the board of review comparable sale #2 due to differences in their dwelling sizes when compared to the subject dwelling. The Board also gives less weight to the appellant's comparable sale #2 and the board of review comparable sale #1 because they did not occur as proximate in time to the January 1, 2018 assessment date at issue as did the parties' remaining comparables.

The Board finds the best evidence of market value in the record to be the parties' remaining comparable sales. These comparables are similar to the subject in age, dwelling size, and other features and also sold within nine months of the January 1, 2018 assessment date. These three

comparables sold from August 2017 through July 2018 for prices ranging from \$175,000 to \$352,900 or from \$136.72 to \$277.93 per square foot of living area, including land. The subject's assessment reflects a market value of \$259,140 or \$223.40 per square foot of living area, including land, which falls within the range of the best similar comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
