

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Krzysiak
DOCKET NO.: 18-24191.001-R-1
PARCEL NO.: 23-29-410-007-0000

The parties of record before the Property Tax Appeal Board are Joseph Krzysiak, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,250
IMPR.: \$30,274
TOTAL: \$37,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 3,134 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a partial basement that is unfinished, central air conditioning and an attached two-car garage. The property has a 10,000 square foot site and is located in Palos Park, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the assessment inequity argument, the appellant submitted a grid analysis containing nine comparable properties that were located within .21 of a mile from the subject and within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of masonry or frame and masonry construction that ranged in size from

3,192 to 3,616 square feet of living area and ranged in age from 16 to 32 years old. The comparables had other features with varying degrees of similarity to the subject. The comparable properties had improvement assessments ranging from \$28,217 to \$32,146 or from \$8.84 to \$8.94 per square foot of living area.

Based on this evidence, the appellant requested that the subject's improvement assessment be lowered to \$27,856 or \$8.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,524. The subject property has an improvement assessment of \$30,274 or \$9.66 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a grid analysis containing four comparable properties that were located within .25 of a mile from the subject and within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of masonry construction that ranged in size from 3,149 to 3,384 square feet of living area and ranged in age from 27 to 32 years old. The comparables had other features with varying degrees of similarity to the subject. The comparable properties had improvement assessments ranging from \$35,072 to \$35,879 or from \$10.36 to \$11.19 per square foot of living area.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen equity comparable properties for the Board's consideration that were located in close proximity to the subject, and within the same neighborhood code as the subject. The Board gave less weight to the appellant's comparables #4, #6 and #7, due to their considerably larger sizes when compared to the subject. The Board finds the parties' remaining comparables were most similar to the subject in location, style, size, age and features. These comparables had improvement assessments ranging from \$28,217 to \$35,879 or from \$8.84 to \$11.19 per square foot of living area. The subject's improvement assessment of \$30,274 or \$9.66 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
