

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Angelopoulos
DOCKET NO.: 18-24199.001-R-1
PARCEL NO.: 09-34-216-017-0000

The parties of record before the Property Tax Appeal Board are Patricia Angelopoulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,497
IMPR.: \$56,590
TOTAL: \$64,087

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,504 square feet of living area. The dwelling is 17 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property has an 8,330 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within .21 of a mile from the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 3,126 to 3,483 square feet of living area and range in age from 11 to 61 years old. The

comparables have full basements with one having a recreation room. Other features of each comparable includes central air conditioning, one or three fireplaces, and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$48,430 to \$56,462 or from \$13.94 to \$16.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$55,234 or \$15.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,973. The subject has an improvement assessment of \$62,476 or \$17.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within a .25 of a mile from the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 2,723 to 3,083 square feet of living area and range in age from 1 to 16 years old. The comparables have full basements with two having recreation rooms. Each comparable has central air conditioning and a 2-car or a 2.5-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$51,897 to \$57,646 or from \$17.88 to \$21.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #5 due to their dissimilar age or smaller garage when compared to the subject. Reduced weight was also given to the board of review comparables due to differences in age, dwelling size and/or basement recreation rooms when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #3 and #4 which are more similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$50,578 to \$56,462 or for \$16.18 and \$16.21 per square foot of living area. The subject has an improvement assessment of \$62,476 or \$17.83 per square foot of living area which is above the range established by the best comparables in this record. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
