

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Chang
DOCKET NO.: 18-24261.001-R-1
PARCEL NO.: 04-06-103-086-0000

The parties of record before the Property Tax Appeal Board are Susan Chang, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,125
IMPR.: \$51,838
TOTAL: \$71,963

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,053 square feet of living area. The dwelling is 9 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces, and a 3-car garage. The property has a 19,167 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,976 to 4,126 square feet of living area. The

dwellings range in age from 32 to 48 years old and have partial or full basements, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces, and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$44,396 to \$46,087 or from \$11.15 to \$11.25 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$48,812 or \$11.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,963. The subject property has an improvement assessment of \$51,838 or \$12.79 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-08, two-story dwellings of frame or masonry exterior construction ranging in size from 4,160 to 4,555 square feet of living area. The dwellings range in age from 23 to 29 years old and have full basements, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces, and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$53,498 to \$59,033 or from \$12.86 to \$12.99 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the comparables are relatively similar to the subject in location, dwelling size, design, and most features; however, all of the dwellings are considerably older than the subject dwelling. Nevertheless, the comparables have improvement assessments ranging from \$44,396 to \$59,033 or from \$11.15 to \$12.99 per square foot of living area. The subject's improvement assessment of \$51,838 or \$12.79 per square foot of living area falls within the improvement assessment range established by the best comparables in this record and appears to be well supported given its considerably newer aged dwelling. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
