

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marina Kohen
DOCKET NO.: 18-24262.001-R-1
PARCEL NO.: 04-07-403-001-0000

The parties of record before the Property Tax Appeal Board are Marina Kohen, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,065
IMPR.: \$77,720
TOTAL: \$90,785

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 5,130 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a 3-car garage. The property has a 20,100 square foot site located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid sheets with information on five equity comparables, two of which are located within the same neighborhood code as the subject property.¹ The comparables are improved with class 2-09 two-story dwellings of

¹ The second grid sheet with only one comparable will be renumbered from Comp #1 to Comp #5.

masonry or frame and masonry exterior construction ranging in size from 5,016 to 5,252 square feet of living area. The dwellings range in age from 17 to 48 years old, and four comparables have partial or full basements with one comparable having finished area. Each comparable has central air conditioning, one or two fireplaces, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$60,540 to \$70,794 or from \$11.53 to \$14.08 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$68,382 or \$13.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,785. The subject property has an improvement assessment of \$77,720 or \$15.15 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-09 two-story dwellings of masonry exterior construction ranging in size from 5,472 to 7,579 per square feet of living area. The dwellings range in age from 10 to 19 years old and have full basements with two comparables having finished area. Each comparable has central air conditioning, two fireplaces, and either a 3-car, a 3.5-car or a 4-car garage. The comparables have improvement assessments ranging from \$93,285 to \$115,731 or from \$15.27 to \$18.33 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #5 due to their dwellings' older ages or lack of a basement when compared to the subject. The Board also gives less weight to board of review comparables #1 and #4 due to their significantly larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in age, dwelling size, foundation and some features. These comparables have improvement assessments ranging from \$68,651 to \$100,324 or from \$13.33 to \$18.33 per square foot of living area. The subject's improvement assessment of \$77,720 or \$15.15 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing

evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
