

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald Forsythe
DOCKET NO.: 18-24369.001-R-1
PARCEL NO.: 01-13-205-020-0000

The parties of record before the Property Tax Appeal Board are Gerald Forsythe, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,129
IMPR.: \$95,258
TOTAL: \$108,387

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 6,419 square feet of living area. The dwelling is approximately 9 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a 4-car garage. The property has a 47,742 square foot site located in Inverness, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid sheets with information on five equity comparables that are located within the same neighborhood code as the subject property.¹ The comparables are improved with class 2-09 two-story dwellings of masonry or

frame and masonry exterior construction ranging in size from 5,021 to 5,997 square feet of living area. The dwellings range in age from 22 to 33 years old and have partial or full basements with four comparables having finished area. Each comparable has central air conditioning, from two to four fireplaces, and from a 2.5-car to a 4-car garage. The comparables have improvement assessments ranging from \$59,194 to \$68,684 or from \$10.43 to \$12.48 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$75,680 or \$11.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,387. The subject property has an improvement assessment of \$95,258 or \$14.84 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-09 two-story dwellings of masonry exterior construction ranging in size from 6,203 to 7,171 per square feet of living area. The dwellings range in age from 16 to 28 years old and have partial or full basements with three comparables having finished area. Three comparables have either two or four fireplaces. Each comparable has central air conditioning and a 4-car garage. The comparables have improvement assessments ranging from \$93,045 to \$106,489 or from \$14.85 to \$15.14 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as the board of review comparables #3 and #4 due to their dwellings' older ages and/or considerably smaller sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2. These comparables are similar to the subject dwelling in age, size, foundation and most features. These two comparables have improvement assessments of \$106,489 and \$93,045 or \$14.85 and \$15.00 per square foot of living area, respectively. The subject's improvement assessment of \$95,258 or \$14.84 per square foot of living area falls between the two best comparables in this record on an overall improvement assessment basis and slightly below on a per-square-foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
