

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Jordan
DOCKET NO.: 18-24375.001-R-1
PARCEL NO.: 04-10-108-037-0000

The parties of record before the Property Tax Appeal Board are Jeff Jordan, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,701
IMPR.: \$64,356
TOTAL: \$72,057

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,228 square feet of living area. The dwelling is approximately 21 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an 8,326 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of the improvement assessment inequity argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,975 to 3,420 square feet of living area. The

dwellings range in age from 33 to 62 years old and have full or partial basements with three comparables having finished area. Each comparable has central air conditioning, three comparables each have one fireplace and four comparables have from a 1-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$48,456 to \$61,998 or from \$16.29 to \$18.13 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$52,584 or \$16.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,057. The subject property has an improvement assessment of \$64,356 or \$19.94 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 3,070 to 3,567 square feet of living area. The dwellings range in age from 16 to 28 years old and have full or partial basements, two of which have finished area. Each comparable has central air conditioning, either one or three fireplaces and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$64,102 to \$74,139 or from \$20.01 to \$21.06 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2, #3 and #5, as well as the board of review comparables #1 and #4 due to their older ages and/or finished basement areas when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review comparables #2 and #3 which present varying degrees of similarity to the subject in age, dwelling size and/or some features. These comparables have improvement assessments ranging from \$48,920 to \$69,927 or from \$16.43 to \$21.06 per square foot of living area. The subject's improvement assessment of \$64,356 or \$19.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering differences to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
