

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abbas Rampurwala  
DOCKET NO.: 18-24394.001-R-1  
PARCEL NO.: 01-34-203-006-0000

The parties of record before the Property Tax Appeal Board are Abbas Rampurwala, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,548  
**IMPR.:** \$106,916  
**TOTAL:** \$118,464

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 7,323 square feet of living area. The dwelling is approximately 32 years old. Features of the property include a full basement with finished area, central air conditioning, three fireplaces and a three-car garage. The property has a 65,993 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the as the basis of the appeal. In support of the improvement assessment inequity argument, the appellant submitted information on five equity comparables, three of which are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 6,361 to

7,619 square feet of living area. The dwellings range in age from 19 to 33 years old and have full or partial basements, two of which have finished area. Each comparable has central air conditioning and either a three-car or a four-car garage and four comparables have from two to four fireplaces. The comparables have improvement assessments ranging from \$79,083 to \$93,408 or from \$12.26 to \$13.78 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$91,317 or \$12.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,464. The subject property has an improvement assessment of \$106,916 or \$14.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved two-story class 2-09 dwellings of masonry exterior construction ranging in size from 5,016 to 5,786 square feet of living area. The dwellings range in age from 16 to 37 years old and have full basements, two of which have finished area. Each comparable has central air conditioning, one fireplace and from a three-car to a four-car garage. The comparables have improvement assessments ranging from \$78,922 to \$96,184 or from \$15.00 to \$19.18 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #4 and #5, as well as the board of review comparables #1, #3 and #4 due to their different locations and/or newer ages when compared to the subject. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, as well as the board of review comparable #2 as they are similar to the subject in location, age, and some features. These comparables have improvement assessments ranging from \$78,922 to \$81,205 or from \$12.43 to \$15.23 per square foot of living area, respectively. The subject's improvement assessment of \$106,916 or \$14.60 per square foot of living area falls above the range established by the best comparables in this record on an overall basis but within the range on a per square foot basis. Furthermore, the subject's assessment is justified considering its larger dwelling size when compared to the best comparables. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
