

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Valdir Barion  
DOCKET NO.: 18-24408.001-R-1  
PARCEL NO.: 04-35-314-003-0000

The parties of record before the Property Tax Appeal Board are Valdir Barion, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,667  
**IMPR.:** \$10,662  
**TOTAL:** \$20,329

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 709 square feet of living area. The dwelling is approximately 91 years old. Features of the home include a full unfinished basement and a 1-car garage. The property has an 8,993 square foot site located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with one comparable located within the same neighborhood code as the subject property. The comparables are improved with 1-story class 2-02 dwellings of frame exterior construction ranging in size from 768 to 961 square feet of living area. The dwellings range in age from 66 to 103 years old. Four comparables have full or partial unfinished basements, one

comparable has central air conditioning and four comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$7,075 to \$12,741 or from \$9.02 to \$13.26 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$7,040 or \$9.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,329. The subject property has an improvement assessment of \$10,662 or \$15.04 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with either 1-story or 1.5-story class 2-02 dwellings of frame exterior construction ranging in size from 625 to 946 square feet of living area. The dwellings range in age from 65 to 87 years old and have full or partial basements, one of which has finished area. One comparable has one fireplace and each comparable has either a 1.5-story or a 2-car garage. The comparables have improvement assessments ranging from \$11,003 to \$23,608 or from \$17.60 to \$24.96 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 due to their dissimilar locations when compared to the subject. The Board gives less weight to the board of review comparables #2 and #3 due to their dissimilar designs when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of view comparables #1 and #4 which are similar to the subject in location, design, dwelling size and some features. These comparables have improvement assessments ranging from \$11,003 to \$23,068 or from \$13.26 to \$24.96 per square foot of living area. The subject's improvement assessment of \$10,662 or \$15.04 per square foot of living area falls below the range established by the comparables in this record on an overall basis but within the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
