

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Oddo  
DOCKET NO.: 18-24415.001-R-1  
PARCEL NO.: 04-36-311-027-0000

The parties of record before the Property Tax Appeal Board are Frank Oddo, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,654  
**IMPR.:** \$42,319  
**TOTAL:** \$64,973

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 2,211 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 1.5-car garage. The property has a 21,576 square foot site located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with four, 1-story and one, 1.5-story class 2-04 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,065 to 2,474 square

feet of living area. The dwellings range in age from 60 to 89 years old. Three comparables have full or partial basements, one of which has finished area, and two comparables lack basements. Four comparables each have central air conditioning and one or two fireplaces. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$35,153 to \$42,639 or from \$15.83 to \$17.75 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$37,587 or \$17.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,973. The subject property has an improvement assessment of \$42,319 or \$19.14 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two, 1-story and two, 1.5-story class 2-04 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,991 to 3,775 square feet of living area. The dwellings range in age from 64 to 77 years old and have full basements, two of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces and from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$45,918 to \$79,188 or from \$20.98 to \$26.89 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #4 and #5, as well as the board of review comparables #1 and #4 due to their dissimilar designs, older ages and/or lack of basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in design, age, dwelling size and some features. These comparables have improvement assessments ranging from \$36,307 to \$55,122 or from \$16.77 to \$26.89 per square foot of living area. The subject's improvement assessment of \$42,319 or \$19.14 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
