

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Salim Hasan  
DOCKET NO.: 18-24424.001-R-1  
PARCEL NO.: 18-31-306-016-0000

The parties of record before the Property Tax Appeal Board are Salim Hasan, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,056  
**IMPR.:** \$115,628  
**TOTAL:** \$130,684

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 5,710 square feet of living area. The dwelling is approximately 16 years old. Features of the property include a full unfinished basement, central air conditioning, two fireplaces and a four-car garage. The property has a 23,164 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the as the basis of the appeal. In support of the improvement assessment inequity argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-09 dwellings of masonry or stucco exterior construction ranging in size from 5,001 to 6,184 square feet of living

area. The dwellings range in age from 19 to 30 years old and have full or partial unfinished basements. Each comparable has central air conditioning, from one to three fireplaces and either a three-car or a four-car garage. The comparables have improvement assessments ranging from \$72,514 to \$99,754 or from \$14.00 to \$17.09 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$90,275 or \$15.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$130,684. The subject property has an improvement assessment of \$115,628 or \$20.25 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-09 dwellings of masonry exterior construction ranging in size from 6,018 to 6,413 square feet of living area. The dwellings range in age from 12 to 20 years old and have full or partial basements, one of which has finished area. Each comparable has central air conditioning, either one or two fireplaces and a four-car garage. The comparables have improvement assessments ranging from \$125,776 to \$139,453 or from \$20.25 to \$22.62 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #5, as well as the board of review comparable #3 due to their older ages and/or finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties remaining comparables which are similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$72,514 and \$130,704 or from \$14.50 to \$21.00 per square foot of living area. The subject's improvement assessment of \$115,628 or \$20.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
