

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: JoAnn Tiedt
DOCKET NO.: 18-24425.001-R-1
PARCEL NO.: 23-06-200-091-0000

The parties of record before the Property Tax Appeal Board are JoAnn Tiedt, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,534
IMPR.: \$41,040
TOTAL: \$47,574

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,280 square feet of living area. The dwelling is approximately 29 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 43,560 square foot site and is located in Willow Springs, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables, two of which are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,080 to 2,613 square feet of living area. The

dwellings range in age from 16 to 44 years old and have full or partial basements, one of which has finished area. Each comparable has central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$30,722 to \$37,132 or from \$12.96 to \$15.89 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$33,128 or \$14.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,574. The subject property has an improvement assessment of \$41,040 or \$18.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of frame or masonry exterior construction with 2,472 or 3,343 square feet of living area. The dwellings are each 18 years old and have full or partial basements with finished area. Each comparable has central air conditioning and either a 2.5-car or a 3-car garage. One comparable has two fireplaces. The comparables have improvement assessments of \$54,258 and \$65,786 or \$19.68 and \$21.95 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2, #3 and #4 to their dissimilar locations and/or older age when compared to the subject. The Board gives less weight to the board of review comparable #2 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review comparables #1 and #3 which are relatively similar to the subject in location, age, dwelling size and some features. These comparables have improvement assessments of \$37,119 and \$54,258 or \$15.89 and \$21.95 per square foot of living area. The subject's improvement assessment of \$41,040 or \$18.00 per square foot of living area is bracketed by the assessments of the best comparables in this record. Based on this record and after considering differences to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
