

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Thompson
DOCKET NO.: 18-24634.001-R-1
PARCEL NO.: 04-16-406-027-0000

The parties of record before the Property Tax Appeal Board are Patrick Thompson, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,946
IMPR.: \$42,724
TOTAL: \$55,670

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,186 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a partial basement with finished area, one fireplace and a 2.5-car garage. The property has a 12,330 square foot site located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame exterior construction ranging in size from 3,093 to 3,144 square feet of living area. The dwellings range in age from 23 to 49

years old and have full or partial unfinished basements. Each comparable has central air conditioning and from a 1.5 car to a 4-car garage and four comparables each have one fireplace. The comparables have improvement assessments ranging from \$28,495 to \$37,223 or from \$9.18 to \$11.94 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$34,536 or \$10.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,670. The subject property has an improvement assessment of \$42,724 or \$13.41 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two, one-story and two, two-story class 2-03, 2-06 and 2-78 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,138 to 2,320 square feet of living area. The dwellings range in age from 49 to 67 years old and have full or partial basements with three comparables having finished area. Three comparables each have central air conditioning and one fireplace. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$26,901 to \$52,621 or from \$15.77 to \$23.58 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2, as well as the board of review comparables due to their smaller dwelling sizes, dissimilar designs and/or dissimilar ages when compared to the subject.

The board finds the best evidence of assessment equity to be the appellant's comparables #3, #4 and #5 which are similar to the subject in location, design, age, dwelling size and/or some features. These comparables have improvement assessments ranging from \$34,084 to \$37,223 or from \$10.84 to \$11.94 square foot of living area. The subject's improvement assessment of \$42,724 or \$13.41 per square foot of living area falls above the range established by the best comparables in this record. However, based on this record and after considering adjustments to the best comparables for differences when compared to the subject, including their unfinished basements, smaller garages and/or other features, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
