

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lois Powers
DOCKET NO.: 18-24946.001-R-1
PARCEL NO.: 04-26-408-007-0000

The parties of record before the Property Tax Appeal Board are Lois Powers, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,269
IMPR.: \$39,435
TOTAL: \$52,704

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 2,127 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace and a two-car garage. The property has a 13,269 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-04 dwellings of masonry exterior construction ranging in size from 2,304 to 2,697 square feet of living area. The dwellings are either 61 or 63 years old.

Two comparables each have a concrete slab foundation and one comparable has a full basement with finished area. Two comparables have central air conditioning. Each comparable has one or two fireplaces and a two-car garage. The comparables have improvement assessments that range from \$32,675 to \$45,269 or from \$14.18 to \$16.78 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,755 or \$15.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,704. The subject property has an improvement assessment of \$39,435 or \$18.54 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one-story class 2-04 dwellings of masonry exterior construction ranging in size from 1,959 to 2,100 square feet of living area. The dwellings are either 48 or 54 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces and a two-car garage. The comparables have improvement assessments that range from \$39,004 to \$50,397 or from \$19.91 to \$25.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided six suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables and the board of review comparable #2 due to their finished basement areas, older ages and/or lack of basement foundations when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3 which are similar in age, dwelling size and features. The comparables have improvement assessments of \$42,315 and \$50,397 or \$20.15 and \$25.50 per square foot of living area. The subject's improvement assessment of \$39,435 or \$18.54 per square foot of living area falls below the assessments of the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
