

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milan Mavrenovic  
DOCKET NO.: 18-24988.001-R-1  
PARCEL NO.: 22-24-101-037-0000

The parties of record before the Property Tax Appeal Board are Milan Mavrenovic, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,098  
**IMPR.:** \$37,325  
**TOTAL:** \$49,423

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,858 square feet of living area. The dwelling is approximately 12 years old. Features of the property include a full unfinished basement, central air conditioning, one fireplace and a 3-car garage. The property has a 43,995 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of masonry exterior construction ranging in size from 2,759 to 3,126 square feet of living area. The dwellings range in age from

30 to 40 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning, one fireplace and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$30,404 to \$34,449 or from \$10.63 to \$11.17 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$31,495 or \$11.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,423. The subject property has an improvement assessment of \$37,325 or \$13.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,210 to 3,800 square feet of living area. The dwellings range in age from 18 to 37 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning, one fireplace and from a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$30,874 to \$51,075 or from \$13.00 to \$13.97 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the board of review comparables #1, #2 and #4 due to their significantly larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparable #3 which are similar to the subject in dwelling size and features. These comparables have improvement assessments ranging from \$30,404 to \$39,586 or from \$10.63 to \$13.00 per square foot of living area. The subject's improvement assessment of \$37,325 or \$13.06 per square foot of living area falls within the range established by the comparables in this record but above on a per square foot basis. However, after considering adjustments to the best comparables for differences, such as age and features, when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
