

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Cahill
DOCKET NO.: 18-25087.001-R-1
PARCEL NO.: 04-35-315-015-0000

The parties of record before the Property Tax Appeal Board are Thomas Cahill, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,533
IMPR.: \$39,429
TOTAL: \$47,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,033 square feet of living area. The dwelling is approximately 75 years old. Features of the home include an unfinished partial basement and one fireplace. The property has a 7,938 square foot site located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,164 to 3,590 square feet of living area. The comparables range in age

from 63 to 92 years old. The comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$22,154 to \$46,329 or from \$6.98 to \$14.64 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$32,726 or \$10.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,707. The subject property has an improvement assessment of \$49,174 or \$16.21 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of frame and masonry exterior construction ranging in size from 2,458 to 2,960 square feet of living area. The comparables range in age from 66 to 74 years old. One comparable has an unfinished full basement and three comparables each have a crawl space or concrete slab foundation. Each comparable has central air conditioning, three comparables each have one or two fireplaces and three comparables each have a one-car or a two-car garage. The comparables have improvement assessments ranging from \$49,123 to \$60,308 or from \$19.98 to \$20.42 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to its older age when compared to the subject. Additionally, the appellant's comparable appears to be an outlier #1 with its significantly lower improvement assessment when compared to other comparables in the record. The Board gives less weight to the board of review's comparables #2, #3 and #4 which lack basements, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' three remaining comparables which are relatively similar to the subject in age, dwelling size and some features. These comparables have improvement assessments ranging from \$38,637 to \$60,308 or from \$10.76 to \$20.37 per square foot of living area. The subject's improvement assessment of \$49,174 or \$16.21 per square foot of living area falls within the range established by the best comparables in this record. However, the subject's assessment is excessive considering its unfinished basement and its lack of central air conditioning, fireplace and/or garage when compared to the best comparables. After considering adjustments to the best comparables for

differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
