

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Andrews
DOCKET NO.: 18-25101.001-R-1
PARCEL NO.: 18-30-403-002-0000

The parties of record before the Property Tax Appeal Board are George Andrews, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,928
IMPR.: \$93,756
TOTAL: \$107,684

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,987 square feet of living area. The dwelling is approximately 1 year old. Features of the home include a full basement with finished area, central air conditioning, three fireplaces and a four-car garage. The property has a 21,429 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 4,103 to 4,876 square feet of living area. The comparables each have a full basement,

three of which have finished area. The dwellings range in age from 9 to 30 years old. Each comparable has central air conditioning, one or two fireplaces, and from a three-car to a four-car garage. The comparables have improvement assessments ranging from \$50,034 to \$73,291 or from \$12.49 to \$17.86 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$75,703 or \$15.18 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated January 4, 2019 disclosing the subject has a total assessment of \$107,684. The petition filed by the appellant also depicted that the subject has an improvement assessment of \$93,756 or \$18.80 per square foot of living area.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument and was found in default by a letter issued June 11, 2020.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

Initially, the Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

The Board finds the only evidence of assessment equity was submitted by the appellant. The Board gives reduced weight to the appellant's comparable #2 due to its unfinished basement when compared to the subject's basement with finished area. The three remaining comparables are older dwellings and have smaller dwelling sizes than the subject. These comparables have improvement assessments ranging from \$50,034 to \$73,291 or from \$12.49 to \$17.86 per square foot of living area. The subject's improvement assessment of \$93,756 or \$18.80 falls above the range established by the comparables in this record and appears logical considering its newer age, larger dwelling size, and greater number of fireplaces than the comparables in the record, as well as its larger garage than two of the comparables in the record. Based on this limited record and after considering adjustments for differences to the comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
