

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harriette Lutz
DOCKET NO.: 18-25149.001-R-1
PARCEL NO.: 01-12-406-012-0000

The parties of record before the Property Tax Appeal Board are Harriette Lutz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,434
IMPR.: \$45,854
TOTAL: \$58,288

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,334 square feet of living area. The dwelling is approximately 21 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a three-car garage. The property has a 45,215 square foot site and is located in Inverness, Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 4,386 to 4,825 square feet of living area. The comparables

range in age from 25 to 28 years old. Each comparable has a full basement with two comparables having finished areas. Each comparable has central air conditioning, one or four fireplaces and a three-car or a four-car garage. The comparables have improvement assessments ranging from \$38,022 to \$61,036 or from \$8.67 to \$12.65 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$45,854 or \$10.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" for a different parcel than the subject. Furthermore, the board of review's evidence included comparables for different class 2-03 dwellings that are located an unknown distance from the subject property and are not in the same neighborhood code that was assigned to the subject.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the evidence submitted by the board of review is for a different parcel, and the comparables are for properties in a different neighborhood code not assigned to the subject property. Therefore, the Board gave no weight to this evidence.

The appellant submitted three assessment comparables for the Board's consideration. The Board finds the appellant's comparables were similar in location, design, age, dwelling size and most features. The appellant's comparables had improvement assessments ranging from \$38,022 to \$61,036 or from \$8.67 to \$12.65 per square foot of living area. The subject's improvement assessment of \$59,246 or \$13.67 is not supported by the comparables in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified commensurate with the appellant's request.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
