

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Slawomir Marecik
DOCKET NO.: 18-25811.001-R-1
PARCEL NO.: 04-23-401-010-0000

The parties of record before the Property Tax Appeal Board are Slawomir Marecik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,266
IMPR.: \$64,464
TOTAL: \$90,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,740 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace and a 2-car garage. The property has a 43,778 square foot site located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,921 or 4,612 square feet of living area. The dwellings are

either 48 or 56 years old. Two comparables have full basements, one of which has finished area, and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one or three fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$52,182 to \$65,838 or from \$13.31 to \$14.45 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$66,407 or \$14.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,940. The subject property has an improvement assessment of \$80,674 or \$17.02 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-08 dwellings of masonry or stucco exterior construction ranging in size from 4,698 to 4,937 square feet of living area. The dwellings range in age from 4 to 49 years old. The comparables have partial or full basements, three of which have finished area. Each comparable has central air conditioning, two or three fireplaces and a 2-car to a 3.5-car garage. The comparables have improvement assessments ranging from \$97,376 to \$115,382 or from \$20.73 to \$23.37 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 due to their smaller dwelling sizes when compared to the subject.

The board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables as they are most similar to the subject in location, design and/or class and dwelling size with varying degrees of similarity in other features, except the comparables have basements and/or newer ages, in contrast to the subject, requiring downward adjustments to make them more equivalent to the subject. The best comparables have improvement assessments ranging from \$65,838 to \$115,382 or from \$14.28 to \$23.37 per square foot of living area. The subject's improvement assessment of \$80,674 or \$17.02 per square foot of living area falls within the range established by the best comparables in this record but is excessive considering its lack of a basement and older age. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
