

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Pagones  
DOCKET NO.: 18-26364.001-R-1  
PARCEL NO.: 01-12-403-026-0000

The parties of record before the Property Tax Appeal Board are George Pagones, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,225  
**IMPR.:** \$59,368  
**TOTAL:** \$70,593

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 40,819 square foot parcel of land improved with a 10-year old, two-story, masonry, single-family dwelling containing 3,630 square feet of building area. The property is located in Inverness, Barrington Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted four sales comparables. These comparables are described as two-story, frame or masonry or frame and masonry, single-family dwellings. They range in age from one to 27 years and in size from 2,219 to 3,728 square feet of building area. They sold from June 2017 to June 2018 for prices ranging from \$188.60 to \$194.47 per square foot of building area.

In support of the equity argument, the appellant submitted four comparables. These comparables are described as two-story, masonry or frame and masonry, single-family dwellings. They range: in age from 18 to 29 years; in size 3,628 to 3,728 square feet of building area; and in improvement assessment from \$15.82 to \$17.75 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$77,182 with an improvement assessment of \$65,957 or \$18.17 per square foot of building area. The total assessment reflects a market value of \$771,820 or \$212.65 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four comparables. The comparables are described as two-story, masonry, single-family dwellings. They range: in age from 10 to 31 years; in size 3,540 to 3,780 square feet of building area; and in improvement assessment from \$15.82 to \$18.17 per square foot of building area. Comparables #3 and #4 sold in January and September 2018 for prices of \$185.19 and \$194.47 per square foot of building area. The board of review's comparable #4 was submitted by the appellant as comparable #2.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #1 and #2 and the board of review's comparable #3 and #4. These three comparables had sales prices ranging from \$185.19 to \$194.47 per square foot of building area. The remaining comparables were given less weight due to differences in construction. In comparison the subject's assessment reflects a market value of \$212.62 per square foot of building area is above the range of the best comparables in this record. Based on this record the Board finds the appellant did demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is justified. The Board further finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
