

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jan Chraca
DOCKET NO.: 18-27085.001-R-1
PARCEL NO.: 19-31-407-075-0000

The parties of record before the Property Tax Appeal Board are Jan Chraca, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,978
IMPR.: \$ 9,266
TOTAL: \$14,244

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 1,188 square feet of living area. The dwelling is 54 years old. The property has a 9,957 square foot site and is located in Stickney Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted information on 11 equity comparables. The comparables ranged in improvement assessment per square foot from \$3.00 to \$9.19.

In support of the overvaluation argument, the appellant submitted sales data for four suggested comparables. The comparables ranged in sale date from April 2016 to September 2018 and in sale price per square foot, including land, from \$69.90 to \$92.89.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$14,244. The subject property has an improvement assessment of \$9,266, or \$7.80 per square foot of living area. The subject's assessment reflects a market value of \$142,440, or \$119.90 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables. They ranged in improvement assessment per square foot from \$8.74 to \$13.46. The Board also submitted three sale comparables that ranged in sale price per square foot, including land, from \$132.29 to \$185.69. These sales sold from April 2015 through July 2017.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 through #3. These comparables were most similar to the subject based on a combination of size, location, design, construction and age. They had improvement assessments that ranged from \$10.17 to \$13.46 per square foot of living area. The subject's assessment of \$7.80 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified on this basis.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3, as well as the board of review's sale comparables #1 and #2. These comparables sold for prices ranging from \$73.99 to \$185.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$119.90 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this

evidence the Board finds a reduction in the subject's assessment is not justified based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
